# H & R SINGLE BARREL & SLIDE ACTION SHOTGUNS

## "TOPPER"<sup>®</sup>—MODEL 148

Long recognized as the world's largest selling single barrel shotgun and the finest in its field, the "Topper" is now even more popular because of three additions: (1) The industry's first and only side lever conveniently located right next to the hammer\* — open to load and unload with speed and ease not found on *any* other single barrel shotgun! This thumb operated lever is just as handy for left as it is for right-handed shooters; (2) New hammer mainspring for the easiest cocking found on any gun anywhere; (3) "Satin-Lacquer" finished American walnut stock with rubber recoil pad. Automatic ejector. Available in 12 ga. with 30", 32" and 36" barrels; 16, 20 and .410 with 28" barrel; 16 ga. with 30" barrel. Full choke. Chambered for 2¾" shells, .410 bore for 3". Weighs 5 to 6½ lbs., according to gauge and barrel length.

MODEL 188 "Topper DeLuxe": Same as the Model 148 except stocks offered in choice of ebony, red or yellow. Chromed frame. Available in .410 bore only. (Not shown.)

\* Patented

## "TOPPER, Jr."<sup>®</sup>—MODEL 480

The *first* shotgun designed expressly for junior and women shooters — until now inconvenienced by heavy, man-sized guns. Now available with side lever\*, easy cocking hammer, and, in addition to .410 bore, in the popular 20 gauge *with recoil pad*! Both gauges have a 26" barrel, shortened, "Satin Lacquer" finished stock and special small fore-end. Same rugged action as found on the famous Model 148. Automatic ejection.

MODEL 580 "Topper, Jr. DeLuxe": Same as the Model 480 except stocks offered in choice of ebony, red or yellow. Chromed frame. Available in either gauge. (Not shown.)

\* Patented

## MODELS 400 & 401

Here's a 12 or 16 gauge, slide action repeating shotgun with clean swept lines which is skillfully engineered to be both pleasing to the eye and superior in balance and pointing qualities. Its positive locking action is smooth and effortless. Push button safety conveniently located in trigger guard for instant release by trigger finger. American walnut stock with rubber recoil pad and extension fore-end. 28" barrel. Both models identical except Model 401 is equipped with "Variable Choke", a multiple choke device incorporating H & R designs that is exclusively for, built-on and fitted to this gun — adapts the gun to any shooting requirement. Model 400 barrel is full choke. Chambered for 2¾" shells. 6-shot tubular magazine (5 in magazine, 1 in chamber). Furnished with easy to install 3-shot magazine plug. Weight approximately 7¼ lbs. Overall length 47¾".

## NEW MODEL 402

An exciting low priced pump model in the increasingly popular .410 bore! Extremely lightweight (5½ lbs.) and designed to achieve perfect balance and handling qualities. This action and bore are unmatched for young or women shooters. The dependable, smooth operating action is fast . . . positive extraction and automatic side ejection. Safety button is conveniently located on top rear of receiver for quick operation by thumb of shooting hand. Tubular magazine holds 6 3" shells (5 in magazine, 1 in chamber). American walnut stock and streamlined, grooved fore-end. Overall length 46".

# H & R BOLT ACTION & SEMI-AUTOMATIC RIFLES

## NEW MODEL 424

A terrific new .22 single shot low priced for those high volume sales! Perfect choice for the new shooter. Features safe manual cocking action. Just raise the bolt handle to unload safely — rifle must be cocked again by hand before it can be fired. American walnut stock. Chambered for all .22 ammunition. Weighs about 5 lbs. Overall length 38".

## "PIONEER"<sup>®</sup>—MODEL 750

This popular bolt action single shot .22 has the exclusive "Fluid-Feed" loading platform that simplifies and speeds loading to merely dropping the cartridge onto the platform and closing the bolt. No more fumbling or fitting cartridge into chamber. Self-cocking action. "Satin-Lacquered" walnut stock. ¾" split-ring 'scope mount grooves. Cocking indicator. Double extractors. Chambered for all .22 ammunition. Weighs about 4¾ lbs. Overall length 41".

U.S. Pat. No. 2435184

## "PLAINSMAN"<sup>®</sup>—MODEL 865

The most advanced bolt action repeating rifle ever offered . . . many top features, yet surprisingly low priced! Exclusive magazine ejector for faster, easier removal of magazine for reloading . . . no prying or broken fingernails. "Satin-Lacquered" walnut stock. ¾" split-ring 'scope mount grooves. Cocking indicator. Double extractors. 5-shot magazine loads all .22 ammunition. Weighs about 5 lbs. Overall length 41".

U.S. Pat. Nos. 2435184, 2636302

## "LYNX"<sup>®</sup>—MODEL 800

A modern, streamlined semi-automatic .22 designed for accurate, safe, rapid fire by the adult or junior sportsman. Its smooth operating, non-jamming action is engineered to make it impossible to fire until the bolt is safely home. The bolt can be locked open for cleaning and inspection. Streamlined receiver is grooved for Tip-Off 'scope mount. 10-shot magazine. Chambered for .22 long rifle ammunition. Weighs about 6 lbs. Overall length 42½".

U.S. Pat. No. 2422854

## SPECIAL MODELS

These rifles are available on special order and to the Armed Forces in accordance to military specifications.

## "LEATHERNECK"<sup>®</sup>—MODEL 165

Civilian version of the famous U.S. Marine Corps .22 cal. training rifle Model MC58. Perfect balance, extreme accuracy and rugged, safe, dependable semi-automatic action. 10-shot magazine. Rear peep sight.

U.S. Pat. Nos. 2422853, 2422854

## "MEDALIST"<sup>®</sup>—MODEL 451

Redesigned .22 cal. bolt action target rifle. High degree of precision and accuracy is greater than ever before possible. Special features include free-floating barrel, adjustable trigger stops, special sights, etc. 5-shot magazine.

U.S. Pat. No. 2435184

## "SPORTSTER"<sup>®</sup>—MODEL 251

Bolt action .22 repeating sporting rifle gives target rifle accuracy in the field. An adult rifle for the serious .22 fan. 5-shot magazine. Rear peep sight. Smooth, crisp action.

U.S. Pat. No. 2435184

## NEW! BUILT-IN SAFETY LOCK†

This revolutionary feature is found on optional models of the Ultra "Side-Kick" and "Guardman" with 4" barrel. These two items cost slightly more than the standard models. When key is turned to lock the action, the hammer cannot be cocked . . . prevents any possible accidents caused by inexperienced or small fry, etc. The answer for those people who are apt to be nervous having a handgun in their home.

† Patent Pending

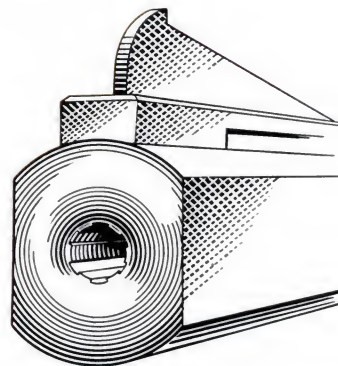

• Model 929 — "Side-Kick"  
4" Barrel

• Model 939 — Ultra "Side-Kick"

• Model 732 — "Guardman" 4" Barrel

## SPECIAL BARRELS

Barrels on all H&R swing-out models are acclaimed by expert marksmen. These large diameter barrels are specially designed to reduce recoil, and barrel-whip, and give that perfect balance and supreme accuracy usually found only on high-priced automatic target pistols.

• Model 999 — "Sportsman"

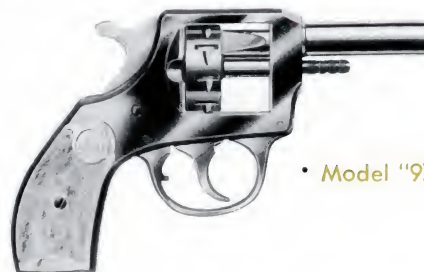

• Model "922" — 6" Barrel

• Model "622"  
4" Barrel

• Model 922 — "Bantamweight"

• Model "970"

# H & R SWING-OUT REVOLVERS

## "SIDE-KICK"<sup>®</sup> MODEL 929

This renowned swing-out revolver is available in a choice of 2½", 4", or 6" barrel lengths. A rear sight, adjustable for windage, is available on the 4" and 6" models, wide front sight for bull's-eye accuracy. H&R's famous, ruggedly constructed swing-out cylinder mechanism assures perfect *two-point* locking, free swinging action and exact alignment of chambers and barrel. Automatic extractor return. Special target weight barrel acclaimed by experts for wonderful balance and greater accuracy. Barrel and frame design is clean and uncluttered. Checkered "Cling-Fast" grips. Weights: 6" model, 31 oz.; 4" model, 28 oz.; 2½" model, 25½ oz. Chambered for all .22 ammunition, 9-shot. Model 930 "Side-Kick DeLuxe": Same except sparkling chrome finished. (Not shown.)

## ULTRA "SIDE-KICK"<sup>®</sup> MODEL 939

The aristocrat of .22 revolvers unmatched at any cost! This moderately priced swing-out cylinder target revolver features exclusive "Push-Button" cylinder release in hammer\* for lightning loading. Ventilated rib on 6" target weight barrel assures superior balance and expert accuracy. Also boasts custom walnut side grips with full thumb rest (left-handed thumb rest grips available). Wide hammer cocking spur. Rear sight with windage adjustments.

**Now, at slight additional cost, an optional model with the industry's first built-in safety lock and key† (see illustration at left). In addition, this model also has a rear sight with elevation adjustment added. Weighs 33 oz. Chambered for all .22 ammunition 9-shot.**

\* U.S. Pat. No. 2830397

† Pat. Pend.

## "GUARDSMAN"<sup>®</sup> MODEL 732

Here is the fast-selling .32 caliber version of the Model 929, incorporating all of its strong construction and terrific features, many of which are exclusive with H&R. This lowest priced American made .32 swing-out is ideally suited for home, store or self protection. Offered in 2½" or 4" barrel lengths. 4" has rear sight adjustable for windage.

**This barrel length also available, at small added cost, with the revolutionary built-in safety lock\* shown at left.**

Weights: 4" model, 26 oz.; 2½" model, 23½ oz. Chambered for .32 S&W and .32 S&W long ammunition. 6-shot.

Model 733 "Guardsman DeLuxe": Same except sparkling chrome finished. Available in 2½" barrel only. (Not shown.)

\* Pat. Pend.

# H & R TOP-BREAK & SOLID FRAME REVOLVERS

## "SPORTSMAN" MODEL 999

All the thrills of handgun shooting are realized with this ever popular revolver. Use it single or double action, use it for match target work or plinking. A dual purpose piece with matchless performance for any kind of shooting. Equipped with checkered American walnut side grips with semi-thumb rest, wide hammer cocking spur and adjustable sights (front with elevation adjustments, rear with positive windage adjustments). Durable, time proven top-breaking action with automatic ejector means more time shooting — less time preparing to shoot. Just shoot, break and the brass pops out automatically, leaving the revolver ready for reloading. Excellent balance. Weighs 30 oz. Chambered for all .22 ammunition, 9-shot. 6" barrel.

## MODEL "922"

The "922" offers years of safe, accurate and dependable service at a sensationally low price . . . a leading value topping all others in popularity the country over. Cylinder pin release, completely enclosed in frame, allows pin to be withdrawn or replaced in just one operation. Push-pin extractor clears all 9 chambers with a single thrust.\* No more poking . . . makes reloading 8 times faster. 4" or 6" barrel lengths. Weights: 6" model, 26 oz.; 4" model, 25 oz. Chambered for all .22 ammunition.

Model "922" Bantamweight: Has all of the "922's" features yet is small and compact . . . 2½" barrel, special small size grips.

Model "923": Same except chrome finished. All barrel lengths. (Not shown.)

\* U.S. Pat. No. 2624970

## MODEL "622"

A terrific value at its low, low price. The least expensive revolver manufactured in the U. S. but it is produced to top specifications with the best of materials by expert gun craftsmen. Same as the model "922" except 6-shot and frame has a velvet, non-glare finish. Push-pin extractor clears all 6 chambers in one quick thrust.\* No more poking . . . makes reloading 5 times faster. Perfect .22 choice for all casual shooting or home and store protection. 2½", 4" or 6" barrels. Weights: 6" model, 28 oz.; 4" model, 26 oz.; 2½" model, 25 oz. Chambered for all .22 ammunition.

Model 623: Same except sparkling chrome finished. (Not shown.)

\* U.S. Pat. No. 2624970

## STARTER'S REVOLVERS

This is the ideal blank cartridge revolver for officials of track meets, swimming races and field dog trials . . . for sportsmen training dogs, football timekeepers or those officiating in any game or event requiring a fired signal. Both models have the push-pin extractor.\*

Model 960: Chambered for .32 caliber blank center-fire cartridges. 6-shot. Weighs 19 oz.

Model 970: Chambered for .22 caliber blank rim-fire cartridges. 9-shot. Weighs 19 oz.

\* U.S. Pat. No. 2624970

# H & R GUN CASES

*Fit Right . . . Look Right . . .  
Priced Right*

H & R gun cases, as functional as they are handsome, provide ideal protection and appearance for your favorite sporting weapons.

Rugged, high quality exteriors, fashioned for maximum wear-resistance and durability, in a variety of fine fabrics . . . soft, pliable interiors designed to cushion effects of wear, shock or abrasion.

An H & R gun case will complement the expert workmanship of your firearm. There's one in the H & R line that will fit right, look right, and is priced right for your gun.

**No. 11** Value-packed gun cover with suedene exterior and soft flannel lining. Features sturdy binding and tie tape. Long size.

**No. 13** A value leader in gun cases. Handsome suntan plastic with wrap around handles. Cushioned with acetate fibre and lined with Kasha Cloth. Closed tip with hanging tab. Sizes 38/40, 42/44, 46/48, 50/52.

**No. 19** muzzle end. Heavy duty 16½" zipper. Twin luggage type handles. Sizes 38/40, 42/44, 46/48, 50/52. Same as No. 17 but in 'scope width. Sizes 43/45, 47/49.

**No. 21** This case is covered with attractive French bread colored nappa grain plastic and perfect brown supported plastic trim. Cushioned with acetate fiber and lined with Kasha Cloth. Molded rubber tip

and reinforced gun muzzle end. Heavy duty, full opening zipper. Twin luggage type handles. Sizes 46/48, 50/52.

**No. 23** A truly handsome gun case of steerhide grained plastic leather and cognac colored leather and plastic trim. Cushioned with acetate fiber and lined with yellow fleece pile fabric. Molded rubber tip

and reinforced muzzle end. Heavy duty, full opening zipper. Top grain cowhide luggage type handle. Sizes 46/48, 50/52.

**No. 25** This is a luxury case at economy prices. Covered with floridian plastic and top grain leather trim. Cushioned with acetate fiber and lined with brown

fleece pile fabric. Molded rubber tip and reinforced muzzle end. Top grain russet leather shoulder slings and tabs. Sizes 46/48, 50/52.

**No. 27** Same as No. 25 but in 'scope width. Sizes 43/45, 47/49.

**No. 5** A deluxe, rug type handgun case with heavy easy riding all around zipper. Extra roomy to fit all revolvers and pistols. Brown scuff-resistant plastic leather. Full interlining plus lining of gun cloth. Opens flat to exhibit handgun for target practice. Zipper locking ring.

# H & R's DIRECT-TO-RETAILER SALES PLAN

For over twelve years dealers everywhere have shown enthusiastic approval of H & R's DIRECT-TO-RETAILER sales plan which H & R pioneered in the firearms industry. Over 12,000 dealers now enjoy its benefits. This plan's many superior features include greater margins for the traditionally short profit item of sporting arms and enables the dealer to be served better and faster in every way.

## H & R'S 1959 FALL DATING PROGRAM

October 1st dating will be extended to Class "A" accounts who purchase a \$250 minimum order for *any* H & R products. Shipment will be made any time after January 1st, subject to availability of merchandise. Re-orders totaling \$100 minimum will be accepted on the same terms as described above. Customer's orders *must clearly specify* that Fall Dating Plan is desired.

## BETTER PROTECTION FOR YOU

The DIRECT-TO-RETAILER sales plan offers protection against the usual hazards of the gun business. There is a

guarantee against retail price decline, the conditions of which are shown on the price sheet. This service, traditionally offered jobbers only, is now offered to you.

Only those who sell direct to the retailer can assure their dealers against unfair competition in the form of sales direct to consumers at wholesale prices. Only bona fide dealers can buy H & R products. Purchasing agents of factories, local citizens with connections, etc. cannot buy H & R sporting arms at wholesale prices for themselves or their friends.

## ALL SHIPMENTS PREPAID

All orders, regardless of quantity, are shipped prepaid to customers anywhere within the Continental U. S. A.

## FULL LINE AVAILABLE AT ALL TIMES

Every effort is made by the factory to keep a full line available. No restrictions are placed on the kind and quantity of merchandise a dealer may order. Complete and accurate information on all models is sent to you regularly and any questions concerning policy, deliveries, etc. are answered promptly by our staff of Sales Correspondents.

## ONCE MORE, H & R WINS ARMED FORCES RECOGNITION

After three and one-half years of exhaustive competitive tests, H & R was again chosen as the quantity producer of the official U. S. Marine Corps .22 caliber training rifle, the Model MC58, the successor to the M65, which was also developed and produced in quantity by H & R for the U. S. Marine Corps.

### H&R's 1959 FALL DATING PROGRAM

October 1 dating will be extended to Class "A" accounts who purchase a \$250 minimum order for any H&R products. Shipment will be made anytime after January 1, subject to availability of merchandise. Re-orders totaling \$100 minimum will be accepted on the same terms as described above.

Customers' orders must clearly specify that Fall Dating Plan is desired.

(See other side for terms, etc.)

Terms: 2% — 10 days; Net 30 days. H & R products are offered for direct sale to any bona fide dealer with shipments pre-paid within Continental U. S. A., shipped at prices prevailing at time of shipment. Prices and terms subject to change without notice. H & R products are FAIR TRADED in all states having FAIR TRADE LAWS, to the extent legally permitted.

Acceptance of Orders: All orders are subject to our acceptance at Worcester, Massachusetts, with deliveries at all times subject to causes and contingencies beyond our control, including strikes, labor trouble, wars, fire, floods, explosions, sabotage, accidents, shortage of material or equipment, orders or requisitions by the U. S. Government, etc.

Guarantee Against Retail Price Decline: In the event of any decline in our retail price as shown on our price sheet during the period of January 1st, 1959 to December 31st, 1959 a credit to your account will be allowed for the amount of the resulting decline in your purchase price, on the guns remaining in your stock on the date of the decline, which were purchased during the aforementioned period. This guarantee does not apply in the case of price decline due to Federal Excise Tax decreases.
